Notes	This is the model for the remedial summer program for students who have taken a course within the last two years but did not successfully earn the credit. Unlike the remedial summer school program, there is no minimum required mark needed for Remote Credit Recovery.		The TDSB e-Summer OUAC/OCAS transmission dates are July 29 and August 29, 2021. If you are in a graduating position, and plan to attend a post-secondary institution in September 2021, we strongly recommend taking your e-Summer course in the July session. Your future post-secondary institution may not accept your final mark sent in the August 29 transmission. If you have questions about final dates that a post-secondary institution will accept summer school marks please contact the post-secondary institution's admissions office. The e-Summer office cannot guarantee final marks will be available for submission to OCAS/OUAC or directly to students before August 29th, 2021.
